

Program Eligibility – Summer

Personal Care

Camp Paivika is completely accessible and capable of accommodating individuals who use wheelchairs, walkers or other adaptive devices. Staff are trained and prepared to provide personal care as needed including caring for individuals who are incontinent and who require assistance with transferring, bathing, dressing, toileting, feeding and other personal care. Camp Paivika is not equipped to provide care for individuals who are considered "Medically Fragile". Please note that staff sleeps when campers sleep, so applicants must have minimal nighttime needs.

Behavioral Challenges

The following behavioral challenges may not be considered appropriate for acceptance into camp programs:

- Individuals who are abusive to self, others or property
- Individuals with a history of running off or hiding
- Physical or sexual aggression
- Individuals who do not sleep through the night, who exhibit nighttime behaviors that may be disruptive to others, who may wander at night or who require routine assistance throughout the night (frequent toileting, turning, etc.)

Failure to communicate any of the above behaviors/needs may jeopardize the safety of the applicant as well as others at camp. Individuals whose needs and/or behavioral challenges are beyond the scope of the camp to safely accommodate will be sent home immediately.

Staffing Ratios

Applicants must be able to function safely in a group environment. Staff to camper ratios will be 1-3 during most times of the day. There are a limited number of 1-1 spaces available at an additional cost, for campers that require closer supervision. One-to-one candidates may not be accepted if they exhibit any of the behavioral challenges listed above.

Acceptance will be determined based on overall camper care required and staff ability to meet individual needs in a safe and appropriate manner.
